**File No: 1880-20**

## RECOMMENDATION:

**That Council receive the Climate Action Revenue Incentive Program Public Report by the Director of Finance for information only.**

## BACKGROUND:

As a Climate Action Charter signatory, the City committed to becoming carbon neutral and has done so for the last three years. Part of this commitment requires public reporting of our actions to reduce our carbon footprint through filling out the Province's Climate Actions Survey.

Attached is a copy of the public report for 2014, compiled by Michelle Geneau, Planner, which has been submitted to the Province and posted on the City website.

The 2014 emission information is:

	2013	2014
Emissions from direct services	242.78	220.68
Emissions from Contracted services	<u>100.25</u>	<u>64.23</u>
<b>Total</b>	<b>343.03</b>	<b>294.91</b>
<b>Less:</b>		
Composting & Yard Waste (emissions saved)	<u>145.00</u>	<u>119.9</u>
<b>Offsets needed</b>	<b>198.03</b>	<b>165.01</b>

The City has been successful in reducing emissions from regular operations.
