

**GENERAL**

The following changes/clarifications in the RFQ documents are effective immediately. This Addendum will form part of the RFQ documents.

1. **Question:** What Pot size is required for the Karl Foresters ornamental grasses?

**Answer: 1 gallon pot size.**

2. **Question:** a 7 caliper tree the root ball size is usually 18 -24 inches in height and 28 – 36 Inches wide. With only a depth of 200mm of growing medium that will leave the root balls quite exposed? Will A root Ball require excavating, If so what size is required? And if additional soil is used for this will it be covered by extending the units?

**Answer: Pay Item 3.8. includes all excavation to ensure the tree is installed at boulevard grade and includes any additional soil/nutrients needed to ensure the tree will take root and prosper.**

**END OF ADDENDUM #5**
