

**ADDENDUM No. 1**

**REQUEST FOR PROPOSAL # 2017 – 06**

**CITY OF DUNCAN  
SANITARY SEWER ASSESSMENT**

Date: September 15, 2017

---

This addendum forms part of the request for proposal documents and shall be read, interpreted, and coordinated with all other parts. The costs of all work contained herein shall be included in the proposal submission. The following revisions, clarifications, changes, additions, or deletions supersede the information contained in the original Documents to the extent referenced and shall become part thereof.

---

**Addendum Items:**

1. Preferences or specifications in regards to the CCTV video inspection:

The City of Duncan is not specifying any preferences or standards for the CCTV video inspection work. The City is asking the proponents to use their professional judgment and industry standards.

2. The City of Duncan Maintenance Program:

The City of Duncan does not currently have an annual maintenance program.

3. The anticipation of root cutting:

The City of Duncan does not have up to date CCTV video inspection reports and therefore, cannot anticipate the amount of root cutting, if any is required.

4. Pipe hub cuts:

The City of Duncan does not have up to date CCTV video inspection reports and therefore, cannot anticipate the amount of pipe hub cuts, if any are required.

5. Unmapped connections:

The City of Duncan has shown to the best of its knowledge the system within the supplied maps within the request for proposal documents, however, there could be connections that the City of Duncan is unaware of and in that event, further investigation may be required through a change order.

6. Cleaning/flushing of the sanitary sewer main's prior to the CCTV video inspection:

The City of Duncan is not requiring the sanitary sewer main's to be flushed prior the CCTV video inspection, however, if the main has excessive effluent within the pipe, and the inspection cannot be completed, a change order for the main(s) in question may be issued in order to complete the video inspection.
