

# City of Duncan Official Community Plan Update

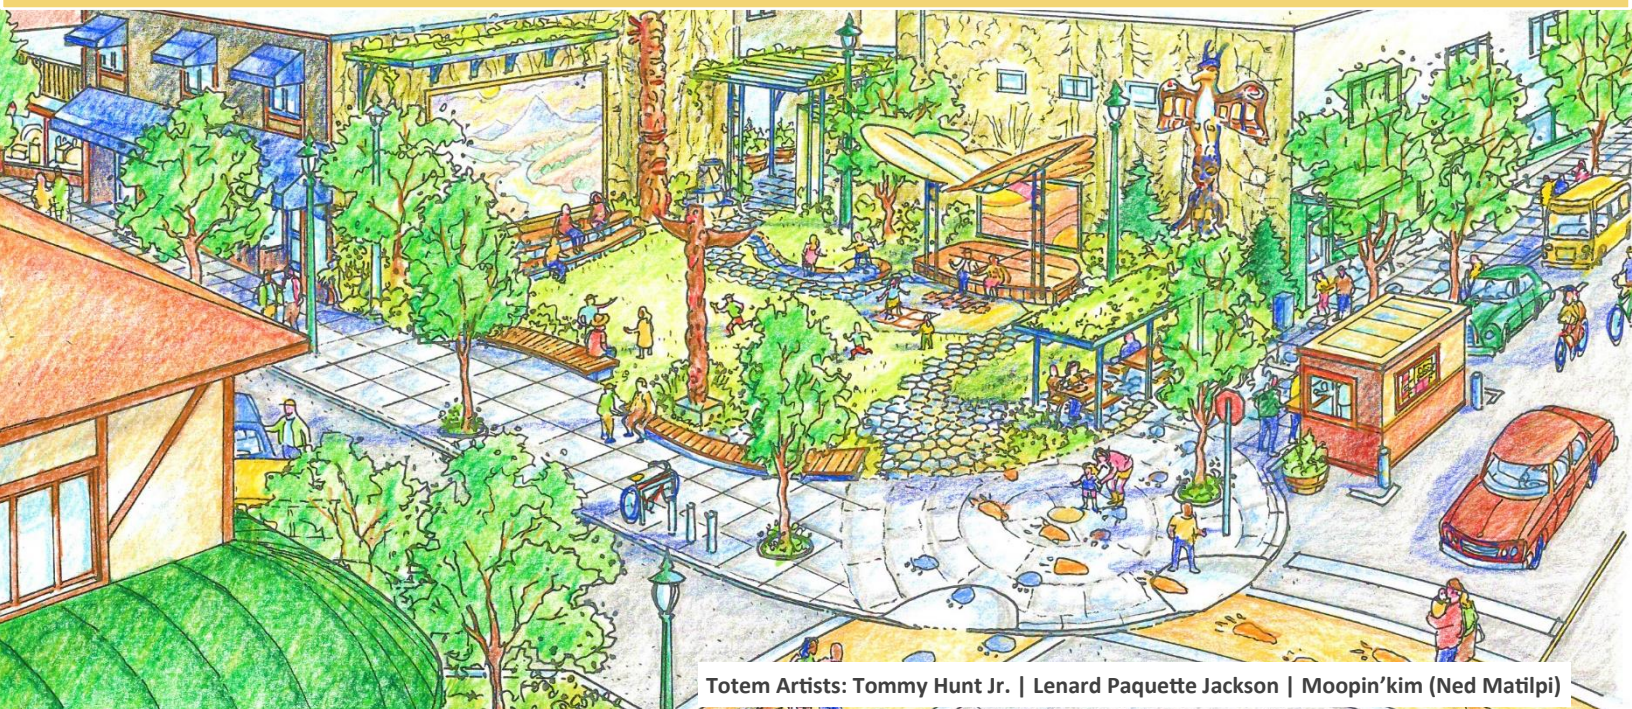

## WE WANT TO HEAR FROM YOU!

The City is providing additional opportunities in Spring 2023 to provide feedback on the **proposed new Official Community Plan (OCP)**.

The OCP is a City planning document that guides Council decisions on things like **housing affordability, development** (height, design, parking, trees), **climate change, supports for businesses, and bike lanes**. The input you provide will be shared with Council to determine if changes are needed to the **proposed new OCP** before it is finalized.

To learn more about this project, view the **proposed new OCP**, and stay updated:
